

NEW REGISTRATION PRICING SCHEDULE

As a higher percentage of our TCA registrants gradually move into the Senior (over 65 & ten consecutive years of membership) registration category, more than 60% of our attendees now register as seniors. The current National policy of re-issuing old TCA numbers to reinstated members makes it impossible to accurately track the 10 consecutive year requirement. The resultant loss of income, needed to produce the York meet, is significant. To continue to provide the levels of services that our members have come to expect, we had no choice but to adjust the pricing schedule. In doing so, Division committees remain committed to containing, and whenever possible, reducing costs without diminishing the total “York” experience, for our members.

As we attempt to maintain the levels of services, accommodations, safety and security that our members expect and require, virtually all expenses keep rising. Some highlights:

- Fairgrounds rental
- Safety and security costs, as the Fairgrounds has striven to meet increased local, state, insurance requirements
- Tables, chairs, equipment, printing, postage, paper goods, accommodations and transportation costs have all risen significantly, over the last several years
- The cost for EMT services has escalated significantly, since the team that services the Fairgrounds has undergone a recent change in ownership

The Eastern Division recognizes that we must continue to provide the highest levels of services, security and safety for our members at the York meet and we will continue to work diligently to achieve those ends. We appreciate your loyal patronage and hope that we can attract as many new TCA members and public attendees as possible to the “World’s Greatest Train Show”.

With sincere gratitude to our members,

Eastern Division TCA Board of Directors
